

Plantronics Unified Communications Portfolio for Microsoft®

Optimized for Microsoft® Lync™ 2010 | Optimized for Microsoft OCS 2007

Plantronics UC products are optimized to seamlessly integrate with Microsoft® Lync™ Server 2010 and Microsoft Office Communicator 2007 R2. Plantronics provides a new connected experience transforming every Lync communication into an interaction that is more collaborative, engaging and accessible from anywhere.

	Coming Soon  Savi® 700 Series	NEW  Savi 400 Series	 Voyager® PRO UC	Technology Legend Smart Sensor™ Technology Built-in sensors deliver automatic functionality like answering a call by placing the headset on and simultaneously updating softphone availability status. Adaptive Power Adaptive power system optimizes for range and talk time by automatically downshifting to low power when the headset is close to the base/USB adapter to save battery life and maximize density. A2DP A Bluetooth® profile that allows high quality audio content to be streamed from one device to another through a Bluetooth connection. Listen to streaming media, music and navigation wirelessly through your headset. AudioIQ² Keeps calls clear, regardless of the environment. Automatically adjusts incoming calls to a comfortable listening level. SoundGuard Sound leveling for listening comfort and acoustic limiting for protection against sounds above 118 dBA. SoundGuard DIGITAL All the benefits of SoundGuard, plus anti-startle protection which detects sudden increase in sound and eliminates the increase, and Time Weighted Average (TWA) measurement which prevents average daily sound exposure from exceeding 85dBA. Wideband Frequency range up to 6,800 Hz. Meets TIA-920 standard for genuine wideband response.
Connects to	Desk phone + PC + mobile phone	PC	PC + mobile phone	
Recommended for	Office workers with mixed desk phone, mobile and PC communications	Users with PC communication in office or on-the-go	Mobile professionals who use PC audio and mobile phone communications; now with Smart Sensor technology
